

# CERTIFICATE

*#8SPT1308AMX*

According to testing performed at ORDOS/E.M.I TEST LABS. , the below mentioned equipment is in compliance with the electromagnetic compatibility requirements defined in the 95/56 European directive regulations which identify the Emission requirements for automotive equipment by the following tests:

**cl. 1.4** *Voltagedrop: T6- EU 95/56, par 5.2.14*

**cl. 1.5** *Powersupply T7- EU 95/56, Annex VI, par 5.2.2.4, 5.2.2.5, 5.2.5, 5.2.6*

**cl. 2** *HF Radiation (EMC): T8- EU 2004/104 with higher level*

1. Bulk current injection testing in the frequency range 20 Mhz - 200 MHz
2. Radiated electromagnetic field testing in the frequency range 200 MHz - 2000 MHz

**Equipment Under Test :**

**MTS**

**Manufacturer's Name**

Spetrotec Advanced Telematics and Security Systems Ltd

**And Address**

Hapatish 8, Gil Amal Hod Hasharon, Israel

**Tested Date:**

January , 2008

Results and conditions of EMI tests are specified in "ORDOS" test-Report #8SPT1308AM.

I, the undersigned, hereby declare that the equipment tested at "ORDOS / E.M.I TESTS LABS" as specified above conforms to all the requirements of above Standard.

Mr. Arik Ariel Katsav. MBA. B.sc Te  
Spetrotec Advanced Telematics  
and Security Systems Ltd
